D1 is the largest model, with a double cross-stacked design and beautiful styling. The frst floor has a lot ofspace, suitable for living room or showroom, the frst floor can lead to the second foor through the internarotary staircase, there are rooms on the second floor, and there is a super large terrace outside for resting opartying.D1 is suitable for a large living experience, but also can be used for ofhce, showroom and otherpurposes. The house can be disassembled into 4 small pods that ft directly into the 40HQ and then assembledocally to save on shipping costs.

产品配置细节

PRODUCT MATERIAL DETAILS

镀锌钢管

Galvanized Steel

主体框架使用100mm*100mm的镀锌钢管，重达2.6吨，不生锈，耐腐蚀，强度高，抗震性能好，多次吊装也不变形。

The main frame is made of 100mm*100mm galvanized steel pipe, weighing 2.6 tons, which is non-rusting, corrosion-resistant, of high strength, with good anti-seismic properties, and does not deform even after many lifts.

中空Low-e玻璃

Hollow Low-e Glass

6+15A+6mm中空Low-e玻璃，隔音隔热更好，而且还镀了一层膜，保护隐私。

6+15A+6mm insulated Low-e glass for better sound and heat insulation, and coated for privacy.

珍珠棉

Cement Fiber Board

底板和地板的中间铺一层珍珠棉，重量轻，保温隔热，吸音隔音。

A layer of pearl cotton in the middle of the floor and the floor, light weight, heat insulation, sound-absorbing sound insulation.

水泥纤维板

Cement Fiber Board

重量轻，强度高，韧性好，导热系数低，有良好的隔热保温性能，产品密度高，隔音好。

Light weight, high strength, good toughness, low thermal conductivity, good heat insulation and heat preservation performance, high density, good sound insulation.

复合实木地板

Composite Wood Floor

复合实木地板纹路逼真，超强耐磨，耐高温，不易变形，防火吸音。

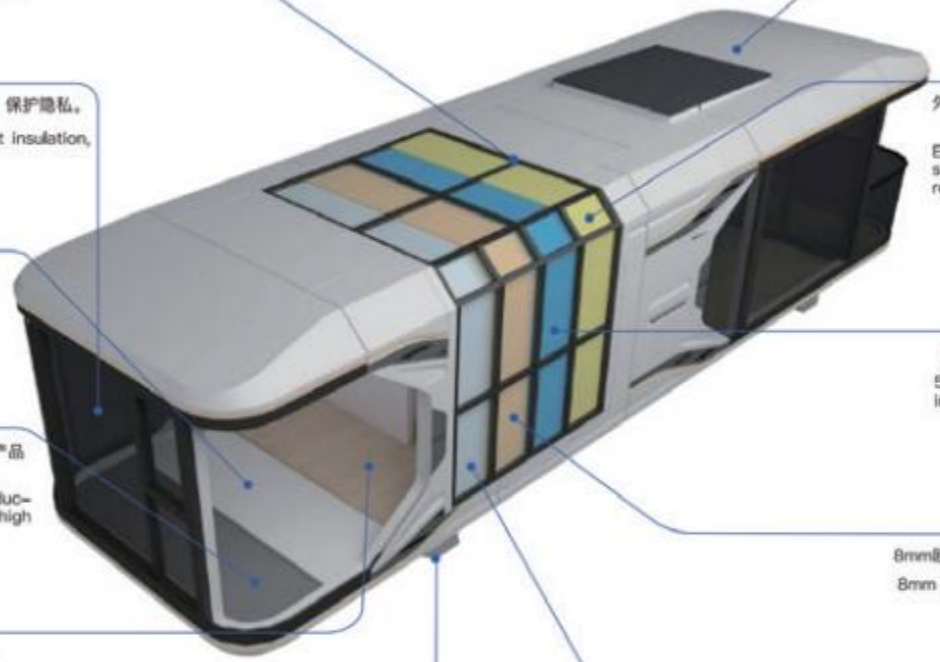

Composite wood flooring grain realistic, super wear-resistant, high temperature resistance, not easy to deformation, fire and sound absorption.

底座

Foundation

4-6个镀锌钢底座，承重能力强，可以放在任何地形的基础上。

4-6 galvanized steel bases, high load-bearing capacity and can be placed on a foundation in any terrain.

铝板

Aluminum Panel

外墙采用2.5mm铝板，氟碳烤漆工艺，不易生锈，能使用30年。

The exterior wall is made of 2.5mm aluminum plate with fluorocarbon baking paint process, which is not easy to rust and can be used for 30 years.

聚氨酯泡沫

Polyurethane Foam

外部整体喷涂50mm聚氨酯泡沫，作为保温层第二层，密封性更强，阻燃防火，气密隔音，吸音性能好。

External overall spraying 50mm polyurethane foam, as the second layer of thermal insulation, stronger sealing, fire retardant, fire prevention, airtight sound insulation, sound-absorbing performance, green and environmental protection.

挤塑板

Extruded Polystyrene Board

50mm挤塑板作为保温层第一层，保温隔热，阻燃防火，绿色环保。

50mm extruded plastic board as the first layer of thermal insulation, thermal insulation, fire retardant and fire prevention, green environmental protection.

欧松板

Oriented Strand Board

8mm欧松板，易加工，提供良好的结构支撑和稳定性，绿色环保，防潮。

8mm europine board, easy to work with, provides good structural support and stability, green and moisture resistant.

碳晶板

Carbon Crystal Plate

内墙使用6mm碳晶板，板材静音，高密封性，防虫蚁、防潮防腐，阻燃，高强度，不变形，易擦洗。

The inner wall uses 6mm carbon crystal board, plate mute, high sealing, anti-insects and ants, moisture anti-corrosion, fire-retardant, high-strength, non-deformation, easy to scrub.

运输安装

DELIVERY AND INSTALLATION

发 货

太空舱从中国发货到海外，有两种发货方式，整装交和模块化。整装需要用到40FR，一个柜子只能装一个，当然运费会贵点。如果你是购买多个房子，可以选择拆装方案。

DELIVERY

The capsule is shipped from China to overseas, there are two ways of shipping, full delivery and modular. Wholesetup requires 40FR, one cabinet only, of course the shipping cost will be more expensive. If you are buying more than one house, you can choose the disassembled option.

地 基

在房子送达之前，您需要准备地基。我们将为您提供详细的说明和必要的图纸。同时，提前规划好水电系统。

FOUNDATION

Before the house is delivered to you, you will need to prepare the foundations for it. We will provide you with detailedinstructions and necessary drawings. Also, plan ahead forwater, electricity and other systems.

安 装

太空舱可以整栋交付或分体交付。如果是整栋交付，安装非常简单，只需要用吊机即可。整个太空舱重量6-10吨。如果是分体交付，我们会提供给你详细的图纸或视频说明进行组装。如果你是给你的项目购买多个数量，我们也从中国派遣工程师团队指导组装和安装。

INSTALLATION

The house can be delivery in the whole house or parts. You can arrange for a freight forwarder to deliver it. If deliveryed in the whole house, the installation is very simple and can be done in a few hours . If deliveryed in house parts, you canassemble it with detailed drawings and video instructions orour engineers team from China to guide assembly and instal-lation.
