What You Can Make? 60
Why Juicing Is The Best Thing You Can Make For Your Family? 61

About Us

Established in 2010, MOPHOM is a professional brand and manufacturer of premium healthy small kitchen appliances. Rooted in professional theoretical research and product innovation, we specialize in high-quality home barista coffee equipment and nutrient-locking slow cold-press juicers, transforming professional kitchen technology into practical, user-friendly household products for global families.

We operate a standardized manufacturing base in Zhongshan, spanning 3,000 square meters with two complete production lines and a professional QC team. Certified with ISO9001 and BSCI, our factory delivers stable mass production and consistent reliable quality. Our Guangzhou headquarters manages global brand operation, original product design, custom mold development, international sales and full after-sales service. In addition, our professional R&D branch TICKVOT focuses on the independent development of precision sous vide cookers and vacuum sealers, further enriching our healthy kitchen appliance product ecosystem.

Mission

Helping improve the service experience of the global home coffee and juicing industry. Based on professional technical research and continuous innovation, we convert professional kitchen technology into accessible household appliances, bringing café-level homemade coffee and pure nutrient-rich fresh juice to every family around the world.

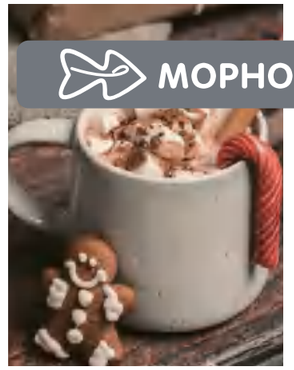

Vision

Pursue premium quality living enjoyment for every user. We commit to building a reputable, influential and trusted benchmark brand in the global premium healthy small kitchen appliance industry, delivering convenient, healthy and high-quality kitchen life to every household.

MOPHOM

Milk Frother
Hot Chocolate Milk Maker

Automatic Cold Hot Milk Frother & Warmer for Latte, Cappuccino, Hot Chocolate.

Features

- TOUCH CONTROL PANEL
- POWER CORD STRORAGE
- VISIBLE FROTHING
- NON-STICK INNER DESIGN
- TWO WHISKS ACCESSORIES

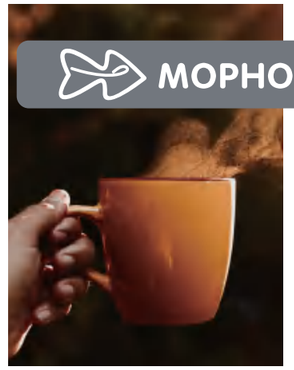

Specification

Item Code	MMF01		
Power Rate	400W	**Voltage**	220-240V~, 50/60Hz
Main Material	Plastic ABS + Stainless Steel	**Capacity**	160ml, 350ml, 580ml
Function	Hot Foam/Cold Foam/Heat Milk/Hot Chocolate		

MOPHOM

Milk Frother
Hot Chocolate Milk Maker

Automatic Cold Hot Milk Frother & Warmer for Latte, Cappuccino, Hot Chocolate.

Features

TOUCH CONTROL PANEL

POWER CORD STRORAGE

VISIBLE FROTHING

NON-STICK INNER DESIGN

TWO WHISKS ACCESSORIES

Specification

Item Code	MMF02		
Power Rate	400W	**Voltage**	220-240V~, 50/60Hz
Main Material	Plastic ABS + Stainless Steel	**Capacity**	160ml, 350ml, 580ml
Function	Hot Foam/Cold Foam/Heat Milk/Hot Chocolate		

Magnetic Milk Frother Hot Chocolate Pot

Automatic Cold Hot Milk Frother & Warmer for Latte, Cappuccino, Hot Chocolate.

Features

- VISIBLE FROTHING
- TOUCH CONTROL PANEL
- DISHWASHER SAFE
- NON-STICK INNER DESIGN

Specification

Item Code	KTS01		
Power Rate	450W	**Voltage**	220-240V~,50/60Hz
Main Material	Plastic PC + Stainless Steel	**Capacity**	200ml, 400ml, 580ml
Function	Hot Foam/Cold Foam/Heat Milk/Hot Chocolate		

Coffee Beans Grinder

One Touch Push-Button Control

Features

- VISIBLE GRINDING
- PULSE CONTROL
- STAINLESS STEEL BOWL
- LID-LOCKING SAFETY
- CORD STORAGE

Specification

Item Code	MCG01
Power Rate	180W
Voltage	220-240V~, 50/60Hz
Main Material	Plastic ABS + Stainless Steel
Capacity	50g
Function	One Touch Grinding

Coffee Beans Grinder

One Touch Push-Button Control

Features

- VISIBLE GRINDING
- PULSE CONTROL
- STAINLESS STEEL BOWL
- LID-LOCKING SAFETY
- CORD STORAGE

Specification

Item Code	MCG02
Power Rate	180W
Voltage	220-240V~, 50/60Hz
Main Material	Plastic ABS + Stainless Steel
Capacity	50g
Function	One Touch Grinding

Electric Gooseneck Kettle

Perfect for precise pour control,
ideal for brewing specialty coffee & tea & powdered milk

Features

FAST HEATING

DIGITAL LED DISPLAY

ERGONOMIC HANDLE

PRECISION TEMPERATURE CONTROL

Specification

Item Code	MEGK01	**Power Rate**	1200W
Voltage	220-240V~,50/60Hz		
Main Material	Stainless Steel + Plastic PC	**Capacity**	1L
Function	Auto Off / Adjustable Temperature Controk		

Sous vide Cooker

Cooking the Perfect Meal is Easier Than Ever

Features

- SLOW COOKING
- HANGING CLIP
- DIGITAL TOUCH DISPLAY
- PRECISION COOKING
- SMART WIFI
- IPX7 WATER RESISTANCE

Specification

Item Code	MSV02		
Power Rate	1200W	**Voltage**	220-240V~,50/60Hz
Main Material	Plastic ABS + Stainless Steel	**Capacity**	12L
Function	IPX7 Water Resistance\Auto Off\Adjustable Cooking Time		

Features

Item Code	MVS02		
Power Rate	200W	**Voltage**	220-240V~,50/60Hz
Main Material	Plastic ABS	**Capacity**	30cm Size Bag
Function	Vacuum/Seal bag/Wet and Dry food		

COMPACT AND LIGHT WEIGHT

Squeeze more goodness with a slow juicer

Meet your new best friend in the kitchen the Mophom slow juicer

Looking for a way to get more out of your juice and enjoy all those fresh, healthy nutrients? Well, it's time to ditch the centrifugal and try a slow juicer instead. At Mophom, we're all about nutrition and our juicers are the perfect way to kickstart your day.
So, what's the deal with our juicers? Unlike traditional centrifugal juicers, slow juicers work their magic by gently pressing and crushing fruits and veggies at a lower speed. This means you're keeping all the good stuff, vitamins, minerals, and enzymes in your juice to get the most out of your produce. Plus, the juice tastes better too!.

Why choose a slow juicer?

You might be wondering what makes them so special. Here's the thing, these juicers don't just chop up ingredients quickly, they take their time, squeezing out every last drop of juice. This slow, masticating process (that's just a fancy word for "chewing") helps retain more nutrients compared to high-speed juicers that create heat, which can break down those precious vitamins and antioxidants. So, when you go slow, you're getting more goodness in every glass.
Plus, a slow juicer tends to get more juice from the same amount of produce. That means less waste while you get to enjoy more juice. And let's not forget the pulp is much drier, which means less leftover juice.

Health perks of slowing juicing

Slow juicing isn't just good for your taste buds, it's great for your body too. Because slow juicers preserve more nutrients, you're getting juice packed with antioxidants, vitamins and enzymes that help boost your health.
Here's what you can expect:
·Nutrient-rich juice: Keep all the good stuff in your juice, giving you a healthy drink full of the vitamins and minerals your body needs.
·Better digestion: Slow-pressed juices are easier to digest, helping your body absorb all those nutrients faster.
·Stay hydrated: Fresh juice is a great way to stay hydrated throughout the day, keeping you energized and feeling good.

Time to upgrade your juicing game

Ready to level up your juicing? With Mophom juicers, you'll enjoy fresh, nutrient-packed juice every time. They're easy to use, easy to clean and most importantly, they give you the best juice possible. Whether you're a juicing pro or just starting out, our slow juicers make it easy to become healthy with every glass of juice. So go ahead and treat yourself to an Mophom juicer and start enjoying the benefits of fresh, delicious juice every day!

What makes Mophom slow juicers the best?

Our juicers are built to make juicing as easy as possible. Check out what sets these apart:
·High-tech masticating magic: With Mophom juicers, you get maximum juice yield with minimal oxidation, so your juice stays fresher for longer. No more rushing to drink it!
·Versatile: Whether you're juicing hard veggies like carrots, juicy fruits like oranges or leafy greens like spinach, Mophom juicers can handle it all. You can even make nut milks and sorbets!
·Powerful with slow speeds: Engineered with powerful motors up to 300 watts that can handle tough fruits and veggies while maintaining slow speeds down to 45 RPM that help preserve all that juicy goodness.
·Built to last: Made from the highest quality materials, Mophom juicers are designed to withstand daily use to keep delivering vitamin-packed juices for years to come.
·Easy clean up: Nobody likes spending ages cleaning up after juicing, so our juicers are designed to be super easy to take apart and wash. Less time cleaning, more time sipping!
·Affordable excellence: Mophom juicers offer incredible value for money, so you can enjoy the best performance without breaking the bank.

What you can make ?

Green Juice

Expertly transform your green veggies like celery, kale, wheatgrass, spinach, and cucumber into vibrant green juices with the Slow juicer cold press juicers slow extraction process.

Fruit Juice

Create fresh fruit juices easily with Mophom's juicer the designed with an extra wide feeding chute that can juice apples, oranges, watermelons, mangoes, tomatoes, lemons, limes, berries and so much more by extracting the essence of each fruit and preserving their vital nutrients.

Vegetable Juice

Make nutrient-rich veggie juices with Mophom's juicer , the which boasts a powerful 300-watt motor capable of crushing kale, carrots, beets, cabbage, spinach, celery, cucumber, ginger and more into vitamin-packed juices.

Healthy Sorbet

Indulge in refreshing and wholesome frozen delights with the Slow juicer by simply feeding in frozen fruits to create smooth, creamy sorbets that are naturally sweet, dairy-free, and guilt-free.

Detox Juice

Cleanse the body of toxins and enhance your well-being with the Slow juicer fine juicing strainer which can make rejuvenating juices packed with the goodness of lemon, ginger and turmeric to give your health a natural boost!.

Hydration Juice

Stay refreshed and keep your hydration levels in check with the help of the Slow juicer that can whip up juices made from water-rich ingredients like watermelon, cucumber, oranges, lemons, and mint, ensuring you stay perfectly refreshed and revitalised.

Nut Milk

Produce creamy and nutritious nut milks with the Slow juicer's fine strainer by grinding and extracting the essence of almonds, cashews, pecans and hazelnuts while maintaining their natural oils and flavours.

Why Juicing Is The Best Thing You Could Do For Your Family?

MOPHOM

Ensure Maximum Nutrient Absorption

Juicing helps you absorb all the nutrients from vegetables. Most of us have impaired digestion from making less-than-optimal food choices over the years, limiting our body's ability to absorb all the nutrients from eating the vegetable whole. Juicing helps to 'pre-digest' them for you, so you will receive most of the nutrition, rather than having it pass out of your system as waste.

Promote Weight Loss

Studies have shown adults who drank at least 240ml of vegetable juice as part of their daily diet lost almost 2kg over 12 weeks, while those who followed the same diet but did not drink the green juice lost only less than 500g. Adults who have been juicing also significantly increased their intake of vitamin C and potassium and decreased their overall carbohydrate intake.

Increase Variety of Phytonutrients Intake

Many people are guilty of only eating the same vegetables, increasing the chances of developing an allergy to a certain food, while limiting the types of phytochemicals in your diet. Each vegetable has its own unique benefits.
With juicing, you can ingest a wide variety of vegetables,
including those you may not enjoy eating whole.

Support Brain Health

According to the Kame Project, people who drank green juices more than three times per week were 76% less likely to develop Alzheimer's disease than people who juice less than once a week.

Increase Daily Vegetable Intake

Juicing allows you to consume more vegetables in an efficient way. Few manage the recommended daily intake of 6-8 servings of vegetables and fruits. Juicing is the easiest way to guarantee you achieve your target vegetable intake daily.

Boost Immune System

Green juice can help revitalize your body through supercharging your body with concentrated phytochemicals and increasing your biophotonic energy – responsible for regulating our appetite, immunity, energy, mood, sleep, libido, and digestion. Try our celery juicer today.
