

CERTIFICAT D'EXAMEN UE DE TYPE
EU TYPE EXAMINATION CERTIFICATE

N° LNE - 39132 rév. 0 du 04 juillet 2023

Délivré par : Laboratoire national de métrologie et d'essais
Issued by

En application : Directive 2014/32/UE, Module B
In accordance with Directive 2014/32/EU, Module B

Fabricant : SHANGQIU JINJIE MEASURING TOOLS CO.,LTD - . NAN VILLAGE OF SHAOGANG TOWN
Manufacturer YUCHENG
COUNTY

Mandataire : - - - -
Authorized representative

Concernant : mesures matérialisées de longueur

In respect of material measures of length

Caractéristiques : Les caractéristiques principales de l'instrument sont mentionnées en annexe.

Characteristics The main features of the instrument are mentioned in the appendix.

Valable jusqu'au : 03 juillet 2033
Valid until July 3rd, 2033

Les principales caractéristiques et conditions d'approbation figurent dans l'annexe ci-jointe qui fait partie intégrante du certificat et comprend 14 page(s). Tous les plans, schémas et notices sont déposés au Laboratoire national de métrologie et d'essais sous la référence de dossier P230496 -1.

The principal characteristics, approval conditions are set out in the appendix hereto, which forms part of the approval documents and consists of 14 page(s). All the plans, schematic diagrams and documentations are recorded by Laboratoire national de métrologie et d'essais under reference file P230496 -1.

Head of the Certification Department

Annex to UE type examination certificate n° LNE-39132 rev.0

1. Designation

This instrument can be marketed under different trade names.

2. Description of the pattern

The pattern is a composite, retractable measure, which may be in a case.

The instrument is a short steel tape measure of length,

The instrument has a sliding hook at the free end.

It has black and red markings on a yellow or white background protected by a clear film. The blade is graduated in millimetres throughout on both edges; half-centimetres are also marked. The centimetre intervals are numbered consecutively throughout the blade. The decimetre numbers are yellow on a red background. The case may be any colour. The case may be fitted with a blade lock which is biased with the blade in the locked position, a belt clip and a wrist strap

The instrument may have carry measures in imperial units. These are not covered by this certificate.

The different cases are presented in the appendix of this certificate.

3. Technical data

Accuracy class is II.

The nominal length is mentioned at the beginning of the blade.

The scale interval is 1 mm.

4. Markings and Inscriptions

The inscriptions together with the 'CE' marking, supplementary metrology marking and notified body number are printed on the blade near the beginning.

The following are marked on the blade near the beginning:

- The nominal length,
- Manufacturer's identification : Jinjie and, if necessary, importer's identification,
- Accuracy class
- EC type approval certificate number: LNE – 39132
- CE' marking
- Supplementary metrology marking
- Notified body number involved in the production control phase

Annex to UE type examination certificate n° LNE-39132 rev.0

5. Approval condition

The following markings and inscriptions are durably and legibly marked onto the blade of the tape measure:

- Manufacturer's name, registered trade name or registered trade mark and postal address,
- Information in respect of its accuracy

and, when applicable:

- Information in respect of the conditions of use,
- Measuring capacity,
- Identity marking (a type, batch or serial number or other element allowing their identification),
- Importer's name, registered trade name or registered trade mark and postal address.
- Information whether or not additional devices providing metrological results comply with the provisions of Directive 2014/32/EU on legal metrological control

The markings and inscriptions shall fulfil the requirements of Article 8, Article 21, Article 22 and point 9 of Annex I of Directive 2014/32/EU

6. Models :

The models of the tape measure cases are typically identified as detailed in the examples below:

Case model series QSHL300 2013:

- QSHL300: case model series
- 20: nominal length 2m
- 13: Width 16 mm

Models of steel tape measure as described in Table 1 below.

Case model series	Nominal Length (m)	Nominal Width (mm)
QSHL300, QSHL301, QSHL302, QSHL303, QSHL304, QSHL305, QSHL306, QSHL307, QSHL308, QSHL309, QSHL310, QSHL311, QSHL312, QSHL313, QSHL314, QSHL315, QSHL316, QSHL317, QSHL318, QSHL319, QSHL320, QSHL322, QSHL323, QSHL324, QSHL325, QSHL326, QSHL327, QSHL328, QSHL329, QSHL330, QSHL331, QSHL332, QSHL333, QSHL334, QSHL335, QSHL336, QSHL337, QSHL338, QSHL339, QSHL340, QSHL341, QSHL342, QSHL343, QSHL344, QSHL345, QSHL346, QSHL347, QSHL348, QSHL349, QSHL350, QSHL351, QSHL352, QSHL353, QSHL354, QSHL355, QSHL356, QSHL357, QSHL358, QSHL359, QSHL360, QSHL361, QSHL362, QSHL363, QSHL364, QSHL365, QSHL366, QSHL367, QSHL368,	2 3 3 3 3.5 5 3 3.5 5 5	13 13 16 16 16 16 19 19 19 25
