

OUTDOOR WPC

— FLOORBOARD & WALLBOARD —

专注户外塑木材料供应

塑木地板具有较好的防腐防虫功能
不易吸水，在外界温湿度变化差异大的环境中不易变形
不易开裂，比普通木材更稳定

方孔地板系列
纹理逼真，质感自然

圆孔地板系列
美观实用，应用较广

实心地板系列
造型新颖，个性定制

塑木墙板

— 户外木屋庭院墙面板 —

NORTHERN EUROPEAN ELM

健康环保
无需维护

不放过每一处细节 质量是我们的追求

Focusing on the production and supply of outdoor wood plastic materials

PRODUCT CLASSIFICATION

FLOORBOARD

COLOR SELECTION

A vertical rectangular swatch showing a dark, charcoal gray wood grain texture.

CO-CEMENT

A vertical rectangular swatch showing a dark, charcoal gray wood grain texture, slightly lighter than CO-CEMENT.

CO-SLIVER

A vertical rectangular swatch showing a dark brown wood grain texture.

CO-CHOCOLATE

A vertical rectangular swatch showing a medium brown wood grain texture.

CO-TEAK

A vertical rectangular swatch showing a dark brown wood grain texture, similar to CO-CHOCOLATE but with a slightly different grain pattern.

CO-COFFEE

THERE ARE NINE COLORS TO CHOOSE FROM

A vertical rectangular swatch showing a dark, charcoal gray wood grain texture, similar to CO-CEMENT but with a slightly different grain pattern.

CO-SMOKE

A vertical rectangular swatch showing a dark red-brown wood grain texture.

CO-WINE

A vertical rectangular swatch showing a medium brown wood grain texture, similar to CO-TEAK but with a slightly different grain pattern.

CO-CEDAR

A vertical rectangular swatch showing a dark brown wood grain texture, similar to CO-CHOCOLATE but with a slightly different grain pattern.

Installation instructions

FLOORBOARD

安装地板

步骤一

步骤二

安装注意事项:

第一: 在安装龙骨的过程中, 为了保证木塑地板的稳定性以及使用寿命建议龙骨与龙骨之间的间隙控制在30-35厘米为最佳, 既省材料又保证地板的耐久性!

第二: 在安装龙骨过程中, 首先先打孔引眼, 然后吃入膨胀螺丝不然会损坏龙骨!

第三: 常规我们的木塑地板在安装过程中, 板与板之间的排水空隙在5-6MM, 如果客户需要无缝拼接的, 可以咨询我们客服价格

WALLBOARD

1. 安装龙骨

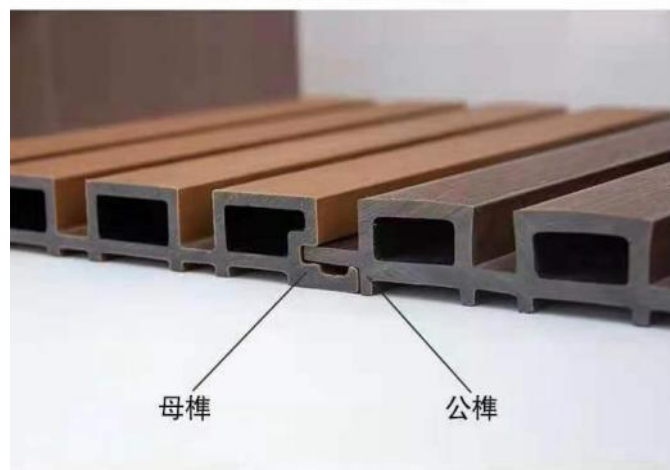

把龙骨固定在平整的墙面上, 龙骨要在墙面**做好水平位**才可以铺面板, 龙骨的间距必须严格控制再**50cm**范围内施工。

2. 固定板材

产品**由左到右**进行排列插接安装, 将第一块长城板的公榫用螺丝固定在龙骨上作为始板 (**固定时板材先引孔**), 再把第一块母榫位置固定, 接着第二块板插入始板的母榫凹槽里, 在凹槽跟龙骨接触位打入螺丝固定, 其余以此类推进行安装。

以此类推

3. 接驳位处理

根据要拼接的位置大小, 裁切一合适的长城板拼接, 接口齐平, 连接端口必须**固定在龙骨上**。

4. 收边完工

在铺完的区域边缘和窗户边角位打上收边线美化边缘, 可以用**玻璃胶直接粘好**, 安装完成就可以直接住进房间了哦。
