AMIKYRN

LINEAR AIRFLOW SYSTEM

FOCUSED AIRFLOW. FAST DRYING.

60 m/s

WIND SPEED

110,000rpm

DIGITAL MOTOR

A high-speed digital motor drives a concentrated linear airflow path for efficient drying.

AMIKYRN

EASY MAINTENANCE

REMOVABLE MAGNETIC AIR INLET

01 MAGNETIC CONNECTION

The air-inlet cover attaches magnetically and removes easily for routine maintenance.

02 STAINLESS-STEEL FILTER

The metal mesh can be cleaned and replaced when required.

03 BACKWARD-BLOW CLEANING

Reverse airflow helps clear debris from the inlet and supports stable airflow.

AMIKYRN

KEY FUNCTIONS

FIVE TEMPERATURE MODES

01 Hot / cold alternating circulation

02 Hot air 120°C

03 Medium temperature 90°C

04 Low temperature 60°C

05 Cold air

THREE WIND SPEEDS

HIGH | MEDIUM | LOW

AMIKYRN

HIGH-SPEED WATER-ION HAIR DRYER

PRODUCT SPECIFICATIONS

Color	Dark space ash
Motor	110,000 rpm digital motor
Air Volume	3.14 m^3 / min
Wind Speed	60 m/s
Rated Power	1,200 W
Rated Voltage	100 V / 50 Hz (Japan)
Ion System	High-speed water ions + negative ions
Modes	3 speeds / 5 temperature modes
Temperature	NTC intelligent temperature control
Power Cord	1.8 m
Weight	474 g; approx. 313 g without cord
Dimensions	28.7 x 4.7 x 4 cm
Packaging	Gift box
Surface	Multi-layer coating + electroplating
