AMIKYRN

ELECTROLYZED WATER TECHNOLOGY

A SMARTER WAY TO CLEAN PRODUCE

01 **MUNICIPAL TAP WATER**

Designed for municipal tap water with a rated TDS of 100-200 mg/L.

02 **TITANIUM ELECTRODES**

Electrolysis converts tap water into an active cleaning medium.

03 **ONE-TOUCH TIMING**

Select the cycle by water volume and let the timed mode run automatically.

FOR EVERYDAY FRUIT & VEGETABLES

Cordless placement in a bowl, sink or container.

AMIKYRN
