瑞安市迪历汽车配件有限公司
RUIAN DILLY AUTO PARTS CO., LTD

ABOUT US

Ruian DILLY Auto Parts Co., Ltd. has 20 years of design and development experience.

Factory Introduction:
We specialize in the production of automotive idle motors and carbon canister control valves, and have multiple product structure patents and trademarks.
We have advanced product testing equipment and independently developed production lines.
We are a factory that integrates product design, research and development, and production manufacturing.

Product quality:
The factory is responsible for the process of product structure design, material processing, accessory assembly, product testing, OEM packaging.
Every step is under control, and every product has undergone 100% qualified testing.

Product customization:
We can provide customers with comprehensive customization requirements, and we have professional equipment and technology.
From image logo production and packaging design, to laser engraving and air impact engraving of product shells and label printing, we provide customers with brand customization requirements in all aspects.

Regarding the product:
Our products have been constantly updated for 20 years, and now we have developed over 1000 models (constantly updated).
Our production technology is constantly innovating, with fully automated assembly lines to ensure the stable quality of each product.

ADVANTAGES US

Continuous New Product Launches

We constantly update our product series and launch new products every week. We keep innovating production technologies and improving production efficiency on an ongoing basis.

Full-process Quality Control

Every procedure is managed in-house, including product structural design, material processing, assembly, testing and OEM packaging, ensuring strict and standardized quality assurance.

Equipped with a mature ERP management system, self-developed production lines, automatic assembly lines and advanced testing equipment, we deliver consistent and stable product quality.

Rich Industry Experience

With 20 years of professional production and sales experience, we adopt a professional parts inquiry system to respond to customers' after-sales issues efficiently and timely.

Reliable Quality Assurance

All products come with a 2-year warranty. Every item undergoes 100% full inspection and testing to guarantee stable reliability and compliance with high industry standards.
