# Certification Confirmation Letter

**In reference to application ID: APPL2615589**

We hereby issue the Lenzing Certification for:

| | |
|---|---|
| Company | NANTONG QIUMI |

Product Specification according to the Application:

| | |
|---|---|
| Article name | M01 |
| Claimed composition | LENZING™ Modal 100% |
| Claimed finishing State | Finished |
| Claimed product type | Woven |
| Claimed fabric construction | Plain |
| Claimed fabric weight | 90.0 g/m² |

We have assessed the application according to our procedures, as well as a sample in case requested separately, according to the Certification Standards and the Lenzing Certification Terms.

The assessment results are not in conflict with the specifications according to the application, so we hereby issue the Certification with the following Certification Number:

**Certification Number: 326070118157**

**The Certification is valid until 2028-Jun-25** and might only be used in accordance with the Lenzing Certification Terms and only in connection with a product meeting the specifications above.

Any Product License obtained in the Lenzing E-Branding Services will require a valid Certification Number, so you might share the Certification Number with your valid customers enabling them to apply for Brands like TENCEL™, LENZING™ ECOVERO™, REFIBRA™, LENZING™ for Protective Wear and LENZING™ for Work Wear for all end use products containing a certified component.

The following fiber type will be used to determine the applicable Brand / Branded Offer and technology when applying for a Product License:

LENZING™ Modal

This Certification Confirmation Letter is no trademark license and should not be published in whole or in parts (e.g. Certification number).

**Please note**:
All tests are carried out according to Lenzing's internal certification procedures and in accordance with the Certification Standards and Lenzing Certification Terms**.**
So the Certification cannot be considered as a:

- confirmation for material composition,
- quality certificate,
- confirmation to comply with any kind of certification standard applicable for the product,
- confirmation that the product meets the required performance of the end use product or the desired application,
- or confirmation that the product meets any kind of standards requested by customers or other third parties.

NANTONG QIUMI covenants and agrees that it will comply with all applicable laws and regulations, and obtain all appropriate government approvals, certificates or other authorizations, pertaining to the production, sale, distribution and promotion of the products specified in the Certification Confirmation Letter. The use of any Lenzing Certificate does not replace the need for relevant and applicable certification confirming the compliance with all applicable laws and regulations, and obtain all appropriate government approvals, certificates or other authorizations.

NANTONG QIUMI acknowledges that the properties of the final product depend on the fiber blend, the way the fibers have been processed or used together with other materials and components in the production process of the yarn-, fabric- or garment production. The properties of the final product may further depend on the appropriate use and treatment of the yarn-, fabric- or garment as well as the final product. Consequently the specific quality and properties provided by the final product are to be assessed on a case-by-case basis.

Lenzing might at any time request additional samples of the product. The Certification will be immediately withdrawn if the product is not meeting the specifications above or is not in compliance with Lenzing Certification Terms and Certification Standards.

Best regards
Lenzing Fibers (Hong Kong) Ltd.
